One, two, three, four

You kill all the niggers and you gas all the jews
Kill a gypsie and a commie too x 2

You just killed a kike
Don't it feel right?
Goodness gracious, Third Reich!

You wake up in the morning
You climb up to the tower
You say to yourself it's nigger killing hour x 2

Some say it's wrong
You know it's right
Goodness gracious, Third Reich!

When we reach our final hours
We take them to the showers
You gas them real good
'Cause you're full of white power x 2

You say that you hate
But you know what you like
Goodness gracious, Third Reich!
