It's 2 in the morning, she callin' me, finished up with a show,
Just touched down in my hometown, 'bout 20 hours ago
I gotta be back on the tarmac, and packed at 8:45
Till then I'm-a see my lady friend or we gon' never survive.
Here I am again, with the stamina of a damn champion,
We on the road, in a damn campervan,
It takes 2 shows to pay for gasoline
No wonder the passion is lacking,
As soon as the camera is flashing we'll be cashing in
She got so sick of me cancelling,
So one day she just stopped answering.
You know it's 4 in the morning, girl, and I gotta go,
And she said,
Trade all the money in the world just to make you stay.
Well it's fine,
I'll always be there, always on your mind
I'll always be there, but for now, goodnight.
Abusing your patience while I'll be patiently waiting,
Sick and tired of me driving and flying the nation,
I don't wanna hear 'bout no girls,
I don't wanna have this conversation.
Truth is you is the only one that I'll be chasing.
But she like to know,
All the places that we like to go.
When I'm touring, she gotta right to know,
Hold up my love, take it nice and slow.
Enough with the 21 questions,
I feel it's just a little hard to breathe,
I don't see anyone else, trust me,
Sometimes you just gotta let me be.

You know it's 4 in the morning, girl, and I gotta go,
And she said,
Trade all the money in the world just to make you stay.
Well it's fine,
I'll always be there, always on your mind,
I'll always be there, but for now, goodnight.
Yeah...
Just another man, walking the earth,

Eyes wide open, ever since birth.
I see a lot of things, it's a gift and a curse,
And I'm sifting it now when I'm scripting a verse.
Lifting 'em up,
Whenever they're feeling down
Pimpin' it up,
Whenever he's in town (town)
Even with an even ground,
I stand with a brand New Zealand sound (sound)
But she don't care, I could work all night
She'd want me over there.
Couldn't be more clear, (uh-huh)
Without work, you know, we won't be nowhere.
But it don't sink in, (don't sink in)
Most of the time, we don't know what you're thinking.
Right,
Babe I'm-a try to get home tonight.
You know it's 4 in the morning, girl, and I gotta go,
And she said,
Trade all the money in the world just to make you stay.
Well it's fine,
I'll always be there, always on your mind,
I'll always be there, always on your mind,
I'll always be there, but for now, goodnight.
