(Bring me back) x7

Just let me go
I'll be gladder than before
Cause in this town theres no one to adore
I won't belong to no one
Just let me go
There is nothing here
And I feel
That back home theres no one who is real
I won't belong to no one

Please Bring Me Back
Please Bring Me Back
To the town where I was born
To the town where I don't belong

It was the place that never made you see
What life brought
Holding back the key
To the youth that we should have lived
I'm letting lose of everything I've known
Jumped on
When time gave me a home
And a youth that I'm about to live

Please Bring Me Back
Please Bring Me Back
To the town where I was born
To the town where I don't belong
Would you please Bring Me Back
Please Bring Me Back
To the town where I was born
To the town where I don't belong

And I'll be coming home
(Coming home)
And I'll be coming home

Just let me go
I'll be gladder than before
In this town there is no one to adore

I won't belong to no one

Please Bring Me Back
Please Bring Me Back
To the town where I was born
To the town where I don't belong
Would you please Bring Me Back
Please Bring Me Back
To the town where I was born
To the town where I don't
Where I don't belong

(Bring me back) x7

To the town where I don't
Where I don't belong
Bring me back
Please bring me back
To the town where I was born
To the town where I don't
Where I don't belong
