And I know it's time to leave  
They gave their lives to me  
I made songs about how much I disliked that place  
Looking back touched by sweet sadness  
Leaving home and seeking out  
Kiss my past goodbye and turn to walk out of their will

It's time to leave!  
Yeah!

I can't deny it was holding me back  
And I can't deny I was kept of track  
And I don't know why I shouldn't leave

I can't deny I was blinded by love  
And I can't deny I needed that shove  
I don't know why I shouldn't leave  
And I don't know why I shouldn't leave

It's time to leave  
(And leave this world alone)  
It's time to leave  
(And leave this world alone)  
It's time to (leave)  
Leave  
It's time to leave  
(And leave this world alone)  
It's time to leave  
(And leave this world alone)  
It's time to (leave)  
Leave

As a child I was protected by love  
As a child I got careless of love  
So, I don't know why I shouldn't leave

But now I'm free to do what I want  
And now I'm free to think on my own  
I don't know why I shouldn't leave  
So, I don't know why I shouldn't leave

C'mon

It's time to leave  
(And leave this world alone)  
It's time to leave  
(And leave this world alone)  
It's time to (leave)  
Leave  
It's time to leave  
(And leave this world alone)  
It's time to leave  
(And leave this world alone)  
It's time to (live)  
Live

And I know it's time to leave  
They gave their lives to me  
I made songs about how much I disliked that place  
It's time to leave
