

## **Raining And OK "When You See Me"**

When we're walking down a boulevard  
Could you at least pretend that I am alive?  
Don't you know I'm skin and bones?  
Would at least instill the thought that I have a heart?

When you see me, I'll wave hello again  
And we'll make contact and talk all night long  
When you see that I was so alone  
Well I hope we can be as good of friends again

Oh, we've been silent for far too long...

These sticks and stones, they broke my bones  
The words they cut so deep and I'm barely alive  
Don't you feel the words in the back of your throat  
Burning deep within  
You couldn't say "I'm sorry"

But they say, "Time heals all wounds..."
