Now for once in your life  
Won't you say how you feel  
Yes for once in your life  
Please don't filter everything  
Come on tell my your story  
Or just tell me you're sorry  
Say you love me  
Say you hate me  
I don't know where I'm going  
But believe me I know why  
And I don't know what love is  
But I know how to prove it  
Truly this silence kills  
How can you hold your tongue  
Some things need to be said  
I can't take it anymore  
Don't tell me what you'd like  
To want to say  
Just tell me what you want  
What you really want  
What you deeply want  
What you really want  
What you deeply want  
I've shown you myself  
And I'd do it again  
If I knew who you were  
If you'd just let me see  
Let me see  
Let me see  
Let me see
