

Raining Pleasure

"Love Her"

Visit "[Love Her](#)" on MotoLyrics.com

Love her
love her from the spring time
love her for the days that you live
Kiss her
kiss her when she's laughing
kiss her for the nights that you love
And you will know
how very special
it is to love her
and she can feel
the loving grow
with every day you live
Know her,
know the way she's feeling
know that if you love her she's yours
Hold her
hold her when she's crying
hold her till your hearts mend the wound
Keep her till she's smiling
never let it rain on your love
And you will know
how very special
it is to love her
and she can feel
the loving grow
with every kiss you give
Love her,
Love her
love her from the spring time
love her for the days that you live
