Everyone's laughing together and the day is passing
merry
Like a party laughing.
Sidewalks overflow Over the crowded streets the
people
Dancing, singing as they go.
Dance through the shops on the streets of all the
parties
Crazy, whirling like a spinning daydream,

Spinning you away. over the crowded streets, the
music's
Soaring while the people play.
Everyone laughing together as the day is passing
merry
Like a party laughing Sidewalks overflow Over
The crowded streets the people dancing, singing as
they
Go.
