Wielder of the hammer  
Mjollnir powerful  
God of fire and lightning  
Red Â- bearded Aesir

Defender from giant foes  
The only one at Ragnarok

The first born of Mother Earth  
(Thor Almighty)  
The defender of his race  
(God of thunder Â- Thor)  
The first born of Mother Earth  
(Thor Almighty)  
The defender of his race  
(God of Thunder Â- Thor)

When he rides the chariot  
Drawn by massy goats  
Heavens all resound of  
Its rolling wheels  
Avenger, brave warrior  
OdhinnÂ's champion son

Chorus

The end was so close,  
When he faced the giant foe  
It came to Valhalla  
And challenged the Gods  
Hrungnir was its name and he had a heart of stone  
He came with its giant mate Mekkur Kalvi of clay

Yet the hero of Asgardh with fearless wrath  
With the Hammer in hand ready to strike  
Tore them apiece with a mighty blow  
Still heavens rejoice of his victory

Chorus
