The man I'm lovin'  
Don't worry 'bout me runnin' around  
You won't ever find my baby  
Hustlin' after me all over town  
He don't have to shout  
He don't even have to call  
Knows I'm comin' home  
Even if I got to crawl  
He'll get me when he wants me  
He's the finest lovin' man around

When he gets up in the morning  
Or when he comes home late at night  
You know the man's always hungry  
Knows I'm gonna cook it up just right  
He don't ever hurry  
He just takes his time  
Just a little taste is all it takes to make him mine  
He'll get it when he wants it  
He's the finest lovin' man around

Some women they act just  
Like their men will never come to no good  
You know they are always on the cheat  
And never treat him like a good woman should  
You want him to do you right  
Honey, that ain't the way  
You got to love him all night  
You do just what he say  
And you get just what you give out  
That's the only way to gain his faith

[Solo]

Now me and my baby  
We always know just what we're puttin' down  
And we know we'll be together  
Til the day when something better comes around  
Til that day comes  
You won't hear me complaining  
I'll take him as like he is  
Cause you know I can't change him

I'll love him best I can  
He's the finest lovin' man around
