[Verse 1: Lil' Wayne]

The loser, microphone abuser.
Feet hurtin', I just walked from Jerusalem.
So you should get on the side with the movement.
I'm the proof and I'll die just to prove it.
What you wanna know, anything whatever.
I can't tell ya, I can show ya better.
Meet my gun, we took an oath together.
We swear we'd never die, if we both together.
Girl this is my testification.
I'm a Wayne on the head like respiration.
And inhale. You, you need justification.
But, but for me it is just a vacation, yeah.
You could check my resimation.
Then you'll see the top is my destination.
You should admire my dedication.
I'm a winner, just call me congratulations.
{Weezy!}

[Hook: Raje']

So you can never bring me down,
Cause I'm already there right now.
I-I'm a loser. I-I'm a loser.
But I'm a turn this 'round upside down.
So you can never bring me down,
Cause I'm already there right now.
I-I'm a loser. I-I'm a loser.
But I'm a turn this 'round upside down.

[Verse 2: Raje']

My back's against the wall,
And it ain't nothing against ya'll'.
It makes sense to make it, I stay sprinting off.
They say Raje' spits, and when I say shit I stay getting
off.
Everyday shit in my way gets cleared like a cough.
I'm here, and you are not near like your loss.
That makes me the top again, hold barber shops.
I come in humilaty, like I need my fuckin' feet washed.
I too am just like you,
But the only difference I really do see.

I really did get, I've been through the shit,
That I say I did, and what happened to you.
If you are from the hood then why you lust for a coupe?
Why you put your bust in that bitch?
And why you act like you do?
And why you like the truth,
Comes out your lips when you lose?
That you is a bitch when you raps, someone to pay
attention to you.
And I ain't sayin' names, I ain't mentionin' you.
Go back to my loser ways, and brign attention to you.
{Hahahaha}
You got me confused,
Don't think I don't win,
Just cause a nigga lose.

[Hook: Raje']

So you can never bring me down,
Cause I'm already there right now.
I-I'm a loser. I-I'm a loser.
But I'm a turn this 'round upside down.
So you can never bring me down,
Cause I'm already there right now.
I-I'm a loser. I-I'm a loser.
But I'm a turn this 'round upside down.

[Bridge: Tyga]

I'm a loser!
I see anything.
I don't blame anyone,
Man I blame everything
Cause I'm a loser!
I've been so out of place so,
Don't mind me if I get into your way.
I'm a loser!
I see anything.
I don't blame anyone,
Man I blame everything
Cause I'm a loser!
I've been so out of place so,
Don't mind me if I get into your way.
Cause I'm a loser!

[Verse 3: Raje']

Pray to God.
First was lost,
But now I'm found.
It's like the pressure effected everybody around.
If you take a stand,
And demand that my time is now.
Them other clowns puppy chow,

I devoured they sound.
Louder crowd, further mouths,
For the album.
I'm at the bar, showin' out.
I might show up to your town. {Your town}
I might show up to your town. {Your town}
Tour bus, let jewelry rust.
Put the jewelry on, like Mr. T.
Previous, when Rocky was gone.
I withdrawen with ignorance.
Got too ignorant.
Don't worry about who bought it bitch.
I'm so raw, it's delirious.
Isn't it even still?
Imagine enemies swarming,
Every warning.
Homies falling,
It's like what's chose leadin' largest component.
We been callin', seen the lights but never followed.
Here tomorrow,
Momma don't wake up with that heart full of sorrow.
I said I'm sorry, I'm young bound to get in trouble.
I'm doing it double, just a rebel
Keepin' my soul from the devil.
Man I'm far from them other stars.
These crooked boulivards corrupted my dawgs, dawg
that's why I.
