he breaks, me down
he buils, me up
he fills, my cup
I like, it rough

we fuss, we brawl
we rise, we fall
he comes in late,
but its ok

he do, i do
he knows the rules
takes care of home
tho he's not alone
i'm on his knee
he keeps me clinged
and gives me things
he makes me srEAm

hes so contagious
returns my pages
hes got me anxious
hes what i'm waitin fo
he keeps me guessin
spontaneous
hes so persuasive
and i'm *his laday*

tonight its rainin (tonight its rainin)
and i ain't complainin (and i aint complainin)
i'm entertainin (i'm entertainin)
my numba 1 fan (my numba 1)
my back is achin (my back is achin)
from our love makin (from our love makin)
oh yes i'm taken (mmm i'm takin)
no use in fakin (aint no use in fakin)

my ups, my downs
my high n my lows
from head to toe he makes me glow
he hits the spot, he makes me hot

im all that hes got, and hes all that i got

hes so contagious
returns my pages
hes got me anxious
hes what i'm waitin fo
he keeps me guessin
spontaneous
hes so persuasive
and i'm his laday

thinkin of a master plan
You know anything you need, baby, ask your man
You was there from a half a gram
Now it?s kilos to C notes, and high fashion brands
We ball like we own the world
The only concern is you my only girl
And when we speaking in tongues, breathin? hard
when I?m
squeezin? ya lungs
Keep it strong, but I gotta hit the streets when I?m
done
It?s joy and pain when you try and get ahead of the
game
It?s fucked up, but you never complain
You just pray I don?t killed when I hit the hood
Just another hundred mil? and I?mma quit for good
No more drug wars, trips to jail and shoot outs
To gettin? loot out for boys in bail, they?ll get you
boot out
Just me and you, hour of sex and twisted
You O.G. til you .O.D. addicted
(Chanting...)

He?s so contagious, returns my pages
He?s got me anxious, He?s what I?ve waited fo
He keeps me guessin?, Spontaneous
He?s so persuasive (So persuasive)
And I?m his laday (And I?m his lady)
He?s so contagious, returns my pages
He?s got me anxious, He?s what I?ve waited for
He keeps me guessin?, Spontaneous
He?s so persuasive, And I?m his laday
