Yeah, check it out, show me love

Promise you won't do me wrong
If I turn you on
Promise you'll stay all night long
Makin' love till dawn

Yo, it's time to bring the day in, fresh out the crib
sauteein'
Around the way-in, swerve on, surveyin'
That's when I saw her, the kind you wanna see more of
The sexy aura, it made it hard to ignore her

Expression her possession of property skyrocket
I'm investin' in her presence and in time it profits
I take a acre for you, fertilize the soil
And make it boil, till it produce black oil

The Shorty sweet as the flavor of forty divas
Photos and features worth more than Mona Lisa's
It's lady luscious, tender touches my blood rushes
Smiles and blushes on billboards and buses

And me, I'm just a bronze skinned calm gentleman
Slim fit and open arms mellow with a Don's grin
Ghetto disciplined could be your confidant beyond
friend
It's one of Allah's men, Rakim, show me love

Promise you won't do me wrong
If I turn you on
Promise you'll stay all night long
Makin' love till dawn

Promise you won't do me wrong
If I turn you on
Promise you'll stay all night long
So we can get it on

I'm in effect mode, I keep the EP sewed
When you express your finesse to your dress code
Every step's a pose, you've been blessed and it shows

My interest grows, the effervesce explodes

Because this chick's characteristic's mystic
Hips are thick, just a little bit of lipstick
Can't resist it, description Egyptian smile
Queen of the Nile, that means she dipped in style

She re-mind of Nefertiti, yes indeed-y
But it's hard to get it like hieroglyphic graffiti
Studied her exhibits and checked her colorful curves
Intellect with swerves I coulda wrecked my nerves
that's my word

Diggin' her enigma that exist in a sister
Carefully wrapped in her figure, we connect like a
collision
And hug just to knowledge her wisdom
Speed up my metabolism, show me love

Promise you won't do me wrong
If I turn you on
Promise you'll stay all night long
Makin' love till dawn

Promise you won't do me wrong
If I turn you on
Promise you'll stay all night long
So we can get it on

Your M.O. is hard not to notice, so my motives is to stay
focused
Body moves like aerobics attractions
Vibes I caught came from your ways and actions
But mind frame hard to explain, no actin' or mind
games

But thinkin' of what can happen is migraines
The X-rated though remains we relaxin'
And you naggin' me for the agony to your anatomy
By the fractions your measurements

The pleasure's in every inch of your temple
I travel twenty-three million miles of your mental
Chemistry, between you and me, in harmony
Causin' angles to meet like trigonometry or pyramids

That's where your deepest, treasures are hid
Then it gets, odiferous, 'cause I know where it is
I mastered that, 'cause it's easy when you react
The all-natural aphrodisiac, show me love

Promise you won't do me wrong
If I turn you on
Promise you'll stay all night long
Makin' love till' dawn

Promise you won't do me wrong
If I turn you on
Promise you'll stay all night long
So we can get it on

Promise you won't do me wrong
If I turn you on
Promise you'll stay all night long
Makin' love till dawn

Promise you won't do me wrong
If I turn you on
Promise you'll stay all night long
So we can get it on

Promise you won't do me wrong
If I turn you on
promise you'll stay all night long
Makin' love till dawn

Promise you won't do me wrong
If I turn you on
Promise you'll stay all night long
