And you cry
And you cry
And you cry

Dark clouds in the distance
The wind has such persistence
You can feel the teardrops from the sky

Oh God not today
Make it go away
Is there somehow it can pass on by

I hate to admit it but I know it's true
It's gonna be a long time before I'm over you

You didn't take it easy when you let me down
You didn't let me find a place to fall

But you'll be sorry baby when I'm not around
You will see you almost had it all

Can I read your letter
My heart is beating faster
It's as if I didn't know the truth

You said you might regret it
But we should just forget it
Didn't say that there was someone else

So I hate to believe it but I know it's true
It's gonna be a long time before I'm over you

But I know someday I'm gonna feel it

You didn't take it easy when you let me down
You didn't let me find a place to fall

But you'll be sorry baby when I'm not around
You will see you almost had it all

And you cry
And you cry

And you cry
And you weep weep for me
And I'll be gone
I'll be gone

Whoa

You didn't take it easy, no, no

You didn't take it easy

Whoa

You didn't take it easy when you let me down
You didn't let me find a place to fall

But you'll be sorry baby when I'm not around
You will see you almost had it all

You didn't take it easy when you let me down
You didn't let me find a place to fall

But you'll be sorry baby when I'm not around
You will see you almost had it all
