Just for a little While,

Just for a little While,  
I never thought that our love was temperary,  
Just for a little While,  
I never new that when you said I love you it was Just for  
a little While,  
Ooooooooooh, Just for a little While,  
I plan to give you all of my love to care to be there  
whenever you call when you want me,  
Just for a little While,  
Oooooooooo, Just for a little While,  
My turn is up and you must go, you have another love  
to start again,  
Just for a little While, oohoooooooo  
Just for a little While, (you Know I love ya baby)Just for a  
little While, (yeah)  
Just for a little While, (you know I need ya girl)
