The bastard breed,  
the human race,  
behaving like sheep,  
another grey face,  
Technological arrogance  
creating a distance,  
overvalued intelligence  
makes the dead dance  
Anthropodislogical, man is a joke,  
doesn't know its place, our filthy race,  
Anthropodislogical, man is a joke,  
bastard breed,  
Anthropodislogical, killing our globe,  
will it know its place ? our arrogant race,  
Anthropodislogical killing our globe,  
bastard breed,  
Humanipulation,  
caused by ignorance,  
follow their leader,  
into disaster,  
Mother Earth screams,  
but none one weeps,  
Anthropodislogical,  
humanity to hell.
