Buy this,
Buy that,
It's useless,
But what the heck
Millions of things are shoved down your throats,
for you to consume, useless crap is being sold,
The garbage dump is growing because of what you
bought,
fucking up this planet, fucking up our earth,
Get this,
Get that,
Is what the medias sell,
to empty heads,
Millions of things are shoved down your throats,
for you to consume, useless crap is being sold,
The garbage dump is growing because of what you
bought,
fucking up this planet, fucking up our earth,
Refuse this,
Refuse that,
Selective buying,
'cause our earth is dying.
