Oh Anton, you're such a dick head,  
Do you really think you're the lord of darkness ?  
But your theories, we spit on that  
Squeeze Anton, the fake satanist  
Feed his guts to his dogs of hell  
Squeeze Anton, skin his dick  
Occultism is not a profitable thing.  
When shall we get him ?  
Shall we show any mercy ?  
Shall we put an axe in the head ?  
Shall we crack him ?  
Anton and the white pope,  
Are the same kind of jerks  
Earning lots of money  
By means of religious ignorance.
