You wake up in the morning  
You eyes started glowing  
Your attitude is showing you been drinking hard last  
night  
Staying up with old grandad  
Remembering the times you had  
Or the women that left you way long time ago

It's your whiskey drinking eyes  
Oh and they don't tell the lies  
When you wake up in the morning all your gonna do is  
cry  
Through your whiskey drinking eyes

You throw buck for a living  
It's hard on your body and soul  
You go to work hungover try to take up your own  
Now your working all the time  
Slavin for a dime  
Pulling fifty hours gonna make the overtime

It's your whiskey drinking eyes  
Oh and they don't tell the lies  
When you wake up in the morning all your gonna do is  
cry  
Through your whiskey drinking eyes

You wake up in the morning  
You eyes started glowing  
Your attitude is showing you been drinking hard last  
night

It's your whiskey drinking eyes  
Oh and they don't tell the lies  
When you wake up in the morning all ur gonna do is cry  
Through your whiskey drinking eyes

It's your whiskey drinking eyes  
Oh and they don't tell the lies  
When you wake up in the morning all your gonna do is  
cry  
Through your whiskey drinking eyes
