Veulai hayamim ha tovim
Kvar highu hem kvar kan
rack od rega katan
vehakol ishtane meahshav

if you have a dream of your own
don't be afraid go on with your heart
close your eyes and hear the bells
of your soul

Ding dong say no more
I hear silent prayer and its making me
high and fly I know where to go
and I'm coming now

Veulai ze kimat karov
Achshav ba toro shell harega hatov
Hakeev shebalev mistovev veholech veovev

Ding dong say no more
I hear silent prayer and its making me
high and fly I know where to go
and I'm coming now
halely et hayom shemevi et halayla
halely et hazman sheyair otach
hu yavi lach geula

Ding dong say no more
I hear silent prayer and its making me
high and fly I know where to go
and I'm coming now
