She is all  
you'll ever dream to find  
On her stage  
she sings her story  
Pain and hurt  
will steal her heart alight  
Like a queen  
in all her glory

And when she cries  
Diva is an angel  
When she laughs  
she's a devil  
She is all beauty and love

Chorus:  
Viva Maria  
Viva Victoria  
Aphrodite  
Viva le Diva  
Viva Victoria  
Cleopatra

Silent tears  
drop from these eyes tonight  
Tears of prayer  
for all those aching hearts

And when she cries  
Diva is an angel  
When she laughs  
she's a devil  
She is all beauty and love

Chorus
