The very last view for me!
The water split around her legs!
The water has cooled you down!
The woman dives into cold water!

She has awfully hot lips!
He feels the weight of his desire upon him!
It crawled, exploded out of the excited mouth,
That kissed him and lied!

Beast! Beast! Beast!

Don't ever forget the cold night!
And in the night, I'll forgive you!
I found bones in the belfry!
She didn't show up at the marriage!

The wild animal will live long.
close your eyes, now love me already.
I never handed over the knife and I moved away.
Then the barking comes!
Someone begs you!

You move in the darkness.
your veil enlightens me in the dark.
The last view for me!

Beast! Beast! Beast!

Don't ever forget the cold night!
And in the night, I'll forgive you!
I found bones in the belfry!
She didn't show up at the marriage!

Don't ever forget the cold night!
And in the night, I'll forgive you!
My judgment was lost in the tower!
She didn't show up at the marriage!
I only lay the shroud on the grave!
The veil...
Beast!
