Am I more handsome
cut up my face
am I stronger
break my neck cowardly
am I smarter
kill me and eat my brain
Do I have your wife
kill me and eat me up completely
then eat me up completely

Am I more honest
bite off my tongue
am I richer
then take everything from me
am I more courageous
kill me and eat my heart
Do I have your wife
kill me and eat me up completely
then eat me up completely
but lick up the plate

Jealousy is cooking

Do I have smooth skin
pull it off in strips
Do I have clear eyes
take the light from me
Do I have a pure soul
kill it in flames
Do I have your wife, then
kill me and eat me up completely
then eat me up completely
but lick up the plate

Jealousy is cooking
