English translation:

Insanity
is only a narrow bridge
the banks are reason and desire
I chase you
the sunlight confuses the mind
a blind child that crawls forward
because it smells its mother

I find you

The track is fresh and on the bridge
drops the sweat, your warm blood
I don't see you
I only smell you, I sense you
a predator that screams of hunger
I track you for miles by scent

You smell so good
you smell so good
I follow you
you smell so good
I find you
- so good
I chase you
you smell so good
I will have you soon

Now I have you

I wait until it is dark
then I take hold of your wet skin

don't betray me
oh don't you see the bridge is burning
stop screaming and don't resist
because otherwise it will break apart

You smell so good
you smell so good
I follow you

you smell so good
I find you
- so good
I chase you
you smell so good
I will have you soon

You smell so good
you smell so good
I follow you
you smell so good
I find you
- so good
I touch you
you smell so good
now I have you

You smell so good
you smell so good
I follow you
