Come in my boat  
a storm is rising  
and the night is coming  
Where do you want to go  
(quite alone you are drifting away),  
give it up  
Who will hold your hand  
when it  
pulls you under

Where do you want you want to go  
So boundless,  
the cold sea  
Come in my boat,  
The wind of autumn  
keeps the sails stiff

Now you are standing by the lantern  
with tears in your face  
The daylight falls to the side  
The autumn wind sweeps empty the streets

Now you are standing by the lantern  
with tears in your face  
The evening light chases the shadows away  
Time stands still and fall is coming

Come in my boat  
Yearning becomes  
the helmsmen  
Come in my boat  
the best sailor  
was I

Now you are standing by the lantern  
with tears in your face  
You take the fire from the candle  
Time stands still and fall is coming

They only spoke of your mother  
so merciless is only the night

In the end I'm left alone  
The time stands still  
and I am cold
