I have a plan, a big plan
I'll build you a house
Every stone is a tear
and you will never move out
Yes, I'll build a little house for you
Has no windows, no door
Inside it is dark
And no light penetrates within
Yes, I'll make you a home
And there you shall spend all your time
Stone by stone, I build you in
Stone by stone
I will always be with you
Without clothes, without shoes
You watch me at my work
With feet in cement
you improve the appearance of the foundation
there will be a garden outside
And nobody hears you screaming
Stone by stone, I build you in
Stone by stone

I will always be with you

what a beating, what a hammering

Outdoors it catches in to dawn

All nails stand to attention

If I them in your body wood Ramming-

Stone by stone, I build you in

Stone by stone

And no one hears you scream
