She's a model and she's looking good
I'd like to take her home it's understood
she plays hard to get she smiles from time to time
it only takes a camera to change her mind

Shes going out to night clubs drinking just champagne
and shes been attracting all the men
Shes playing her game and you can hear them say
she's looking good for beauty we will pay

She posing for consumer products now and then
for every camera she gives the best she ca
i saw her on the cover on a magazine
She is a big succses and i want too meet her again
