What does a man do?
What does a man?
That can't distinguish a person from an animal?
What?

He will go to his daughter so late
She is young and she's such sweet bait
Just as if he were a dog
With his own flesh and blood he will mate

What - do you do?
What - do you feel?
What - are you?
Only an animal

What does a woman do?
What does a woman do?
That can't tell the difference between a man and an
animal?

She dips the feather in his blood
Writes herself so many lines
A lifeless letter from her childhood
As her father slept by her side

What (animal) do you do?
What (animal) do you feel?
What (animal) are you?
Only an animal
