How strong a will
How long to kill
The Vampire's out to play
He's going for his prey
How wise the decisions
How clear of a mind with perfect precision
The aim it will find
Removing a tyrant
The vampire on its track
The shot in the dark
The vampire strikes back
Removing a tyrant
The vampire on its track
The shot in the dark
The vampire strikes back
How sweet can it taste?
How good can you feel?
The enemy is dead
Your victory is real
How deep can you fall?
How low can you feel?
How sweet can it be?
To know it is real?
Removing a tyrant
The vampire on its track
The shot in the dark
The vampire strikes back
Removing a tyrant
The vampire has struck
The shot in the dark
The vampire strikes back
Removing a tyrant
The vampire on its track
The shot in the dark

The vampire strikes back
Removing a tyrant
The vampire on its track
The shot in the dark
The vampire strikes back
How strong a will
How long to kill

The Vampire's out to play
He's going for his prey
How wise the decisions
How clear of a mind with perfect precision
The aim it will find
Removing a tyrant
The vampire on its track
The shot in the dark
The vampire strikes back
Removing a tyrant
The vampire on its track
The shot in the dark
The vampire strikes back
Removing a tyrant
The vampire on its track
The shot in the dark
The vampire strikes back
Removing a tyrant
The vampire on its track
The shot in the dark
The vampire strikes back
