Now that you're gone, I feel the pain
My heart trembles, I call your name
I miss your touch, your soft blonde hair
I keep searching for an answer...it just ain't there

And I don't want to live this life (x 3)
Anymore

Everywhere I turn, the finger points to me
You'll never understand, I'm in misery
'Cause baby without you, I have no one
Oh, my sweet darling, what have I done

And I don't want to live this life (x 3)
Anymore

She smiled at me as I held her carefully
Her last words were "I love you", thought it set me free
And I can't forget that look on her face
It looked like an angel as she died in my prayers

And I don't want to live this life
And I don't want to live this life
And I don't want to live this life
Anymore
(x 3)
