I want you around I want you around

They're telling us they're gonna make a fuss
About the two of us

I want you around I want you around

I know what you're thinking about that you must have
some doubts
I know what you're thinking when you find out I want
you around

You know if it comes true I'll be so good to you
I'll never treat you cruel as long as I've got you around

I want you around I want you around

You heard that I'm no good yeah, yeah I'm no good
But I'll treat you like I should

I want you around I want you around

You know if it comes true I'll be so good to you
I'll never treat you cruel as long as I've got you around

I want you around I want you around

They're telling us they're gonna make a fuss
About the two of us

I want you around I want you around

I want you around I want you around
