Somebody, somebody put something in my drink,
somebody

Another night out on the street
Stopping for my usual seat
Oh, bartender, please

Tanqueray and tonic's my favorite drink
I don't like anything colored pink
That just stinks, it's not for me

It feels like somebody put something
Somebody put something in my drink
Somebody put something, somebody put something

Blurred vision and dirty thoughts
Feel out of place, very distraught
Feel somethings coming on

Yeah I kick the jukebox, slam the floor
Drink, drink, drink, drink some more
I can't think, hey what's in the drink?

It feels like somebody put something
Somebody put something in my drink
Somebody put something, somebody put something in
my drink

Somebody put something
Somebody put something in my drink

Somebody put something, in my drink
In my drink, in my drink, in my drink

So you think it's funny a college prank
Goin' insane for something to drink feel a little dry
Oh I couldn't care what you think of me
'Cause somebody put something in my drink
I can't think, hey give me a drink

It feels like somebody put something
Somebody put something in my drink

Somebody put something
Somebody put something in my drink

Somebody put something
Somebody put something in my drink
Somebody put something
Somebody put something in my drink

Somebody put something
Somebody put something in my drink
Somebody put something
Somebody put something in my drink

Somebody put something
Somebody put something in my drink
Somebody put something
Somebody put something in my drink
