

Ramoth Gilead

"Glory"

Visit "[Glory](#)" on MotoLyrics.com

Refrain

Glory, glory, glory to our God
Glory, glory, glory to our God

When I was down you recovered me
Put me out of my misery
You opened my eyes
So that I could see
Your awesome power
And Your majesty

When I was down you recovered me
And took me out of my misery
Broke my chains and set me free
Gave me life for eternity
You changed my life, now everything's new
No one's gonna take me away from you
Never realized and never even knew
How great life is when its spent with you

Refrain

When I was down you recovered me
Put me out of my misery
You opened my eyes
So that I could see
Your awesome power
And Your majesty

Well I can't deny I have ups and downs
Every time I stray you turn me around
Cause here with you is where I've found
Peace and joy and love that abounds
And so what's left for me to do
Is offer my everything to you
And give all praise to whom it's due
To give you glory all the way through

Refrain
