Verse 1

From the second you walked out the door (door)  
Hard to believe you're not here anymore  
And from the minute that you went away (away)  
I just can't seem to stop living in yesterday

I try to go to sleep  
but all I can see is you next to me (talkin' bout a family)  
I'm trying not to weep  
but I can't seem to help what I feel

Chorus

And I (Ay Ay Ay)  
I don't wanna be alone anymore  
Cause it's breakin' me inside  
And I (Ay Ay Ay)  
I've been left that way to many times before  
And that's not what it's about  
I can do the things I like  
Go out every single night  
But that's not what I want  
that's not what I want  
And all the money in the world  
It doesn't mean a thing when you're alone

Verse 2

Now you're not here to tell me no (no)  
What I gotta do or where I gotta go (thought I'd be  
happy)  
I guess I really should have known  
Now I can't even get you on the telephone  
I'm trying to be strong (strong)  
Tellin' myself I can make it on my own yeah  
Cause baby since you've gone  
I just can't see myself with anyone  
Chorus

And I (Ay Ay Ay)  
I don't wanna be alone anymore

Cause it's breakin me inside  
And I (Ay Ay Ay)  
I've been left that way to many times before  
And that's not what it's about  
I can do the things I like  
Go out every single night  
But that's not what I want  
that's not what I want  
And all the money in the world  
It doesn't mean a thing when you're alone

Middle 8

I don't wanna be the one no more  
And you're the only one that I adore  
Please tell me how to put things right  
I really need you in my life  
I know you feel that I let you down  
I was lost back then but now  
Can't stand the rain without your love
