[Thank God It's Friday (T.G.I. Friday)]

-RAN-

Hey, it feels so good to be back,
If for those who didn't know,
We go by the name of, RAN
(Yeahe) Yeah that is right,
(Yeahe yeah) We just want you to dance,
(Yeahe) Just dance to the song, C'mon!

[Chorus:]

Thank God it's Friday, everybody wants to party.
Why don't we go funky? Dancing with you all night,
yeah.
Looking at them shorties, maybe they wanna party with
me.
Y'all know what it's all about. Y'all know what it's all
about.

Thank God it's friday.

[Rap:]

Hey, It's Friday night, when thee feeling is all right.
We ain't coming to sit tight, we came to get high, right?
Y'all know what it's all about.
When the DJ spins, and the chicks come out.
Like my friend Craig D said: "Friday, Payday" it's time
to party.
P.A. to the R, T to the Y. Baby girl you don't need to ask
me why.

Coz it's going down like The Executioner.
Scratching them things, flapping them wings.
We're the evolutioner. That's our name.
Coz when we we come to this game, it ain't gonna be
the same.
Tell your friends and family about this band.
Hopefully we be rocking the showbiz and, if y'all like
this flow, let me
Know if it's loco.
Everybody now let's go!

[Chorus:]

Thank God it's Friday, everybody wants to party.
Why don't we go funky? Dancing with you all night,
yeah.
Looking at them shorties, maybe they wanna party with
me.
Y'all know what it's all about. Y'all know what it's all
about.

Thank God it's Friday, everybody wants to party.
Why don't we go funky? Dancing with you all night,
yeah.
Looking at them shorties, maybe they wanna party with
me.
Y'all know what it's all about. Y'all know what it's all
about.

Ohh, sexy lady, if you want me (Dance with me), you
got to show me that
You're the only one for me. (Come with me)
You got to show me.
You got to show me. (Dance with me)
You got to show me.
You got to show me love.

[Rap:]

Get hype. Dance all night.
Everybody on the floor, dance till the sunlight.
And bring a friend, stop arguing.
Start conquering and just dance.
Just dance like it's your last chance.
Party like it's your last day.
C'mon everybody, Break it down.

Thank God it's Friday,
Thank God it's Friday baby,
Thank God it's Friday baby,
Thank God it's Friday baby.

(Thank God it's Friday)
Boys, don't waste your day.
(Everybody wants to party)
Come and join the party.
(Dancing all night, yeah)
Girls, don't waste your time.
(Thank God it's Friday)
C'mon let's get down tonight, yeah.

Thank God it's Friday

Thank God it's Friday, everybody wants to party.
Why don't we go funky? Dancing with you all night,
yeah.
Looking at them shorties, maybe they wanna party with
me.
Y'all know what it's all about. Y'all know what it's all
about.

Thank God it's Friday, everybody wants to party.
Why don't we go funky? Dancing with you all night,
yeah.
Looking at them shorties, maybe they wanna party with
me.
Y'all know what it's all about. Y'all know what it's all
about.

Thank God it's Friday, Y'all know what it's all about.
Everybody wants to party, Y'all know what it's all about.
Dancing all night, Y'all know what it's all about.
Thank God it's friday, Y'all know what it's all about.
