The Promise by Randi Laubek from the album: Ducks and Drakes

Music: Anders P. Jensen

Words: Randi L.

Walkin through landscapes

Carry our wings

Trustful Im holding your hand

You hesitate, then you open the gate

Into the Promised Land

Suddenly silence fall from the sky

Angels like raindrops fly

Suddenly silver falls from the blue

Here our dreams come true

Here I belong to you

Now that weve found our valley of love

Some things I can't rise above

Cause I want my lifeline

Forever to be

A page from a fairytale

Suddenly silence fall from the sky...etc.
