"You Are"

Visit "[You Are](#)" on MotoLyrics.com

In my eyes you're a sweet sunrise
And every little thing about you makes me mmm...
I adore you
So happy you found me
I adore you
Every day Im so very proud to say:
You are
The most divine Ive ever seen
Your dafodilrain soothes my slightest pain
You are
The morning Ive been waiting for
You loveletter songs have helped to keep me strong
In my eyes...etc
I adore you
So happy you found me
I adore you
Every day Im so very proud to say:
You are
The original among the copies
Your telegraphy is always reaching me
You are
The warmest chords of my guitar
My most treasures gift
Fulfilled my every wish
In my eyes...etc
Every night and every day
I fell you love even when you're miles away
Everywhere
In any place
With me you'll always stay...
