Alone, again...  
My only friend and I  
Alone, once more  
Licking the mirror...  
Give me another smile,  
I love to look inside your eyes,  
Give me another touch,  
My god I feel so cold...  
I am cold fever  
I am Judas tainted lips  
I am everything, I am anything  
I am tears of grief that slowly drip  
I can't recall  
How many nights I've spent  
Alone, once more  
My self infection...  
Give me another smile,  
I love to look inside your eyes,  
Give me another touch,  
My god I feel so cold...  
I am cold fever  
I am Judas tainted lips  
I am everything, I am anything  
I am tears of grief that slowly drip  
I'm cold...
