Every day is an endless train
You've got to ride it to the end of the line
Be a troubleshooter, blow the bad luck away
And you will make it to your station on time

And you'll find out every trick in the book
That there's only one way to get things done
You'll find out the only way to the top
Is lookin' out for number one

I mean, you keep lookin' out for number one

Every night is a different game
We gotta work for our fortune and fame
Success is a ladder take a step at a time
And the people will remember your name

Yes, I found out all the tricks of the trade
That there's only one way that you'll get things done
I found out the only way to the top
Is lookin' out for number one

Every day is an endless train
But I ride it to the end of the line
I'm a real troubleshooter
And I blow it away
Know what's gonna get me mine

I found out every trick in the book
And that there's only one way to get things done
I found out the only way to the top
Is lookin' out for number one

I mean you
Keep lookin' out for number one

And that's us
Keep lookin' out for number one

That's me
I'm lookin' out for number one
