Normally this time of night,
You wouldn't find me here
I'd be reaching for a good night kiss,
Instead of one more beer.

I'd never take a second look,
At the blond across the bar
Much less invite her over,
And let things go this far.

But anything goes,
When everything's gone
You ain't around to give a damn,
Whether I do right or wrong
So bring it on,
Anything goes,
When everything's gone.

Another morning after,
A crazy night before
I'm searching for my blue jeans,
On the stranger's bedroom floor.

Shouldn't I feel guilty?
Well, I don't feel a thing
I'd wake her up and say good bye,
But I can't recall her name.

Anything goes,
When everything's gone.
You ain't around to give a damn,
Whether I do right or wrong
So bring it on,
Anything goes,
When everything's gone

If you'd a left a single thread,
For me to hold on to
I'd have one good reason,
Not to do the things I do.

But anything goes,

When everything's gone
You ain't around to give a damn,
Whether I do right or wrong
So bring it on,
Anything goes,
When everything's gone
Anything goes,
Anything goes,
When everything's gone.
