Girl I finally got you up in the seat of my old truck
And I bet you're wondering what we're gonna do
We could hit the county line
Hell we do that all the time
Tell you what if you don't mind
We could start with something new
Instead of waiting like we usually do lets

-chorus-

Start it up with a goodnight kiss
My lips your lips baby let's just skip
Getting there
Let's start it with a long goodbye
Get wrapped up tight
Let's spend all night right here
Let's start it with a goodnight kiss

I know that you told all your friends
We were meeting up with them
I can call 'em all again and tell 'em we ain't coming
Let me find a little spot
Let me throw this thing in park
Let me light that little spark
That gets you going like you do
Just tell me what you want to

Chorus

Let's start it with a goodnight kiss
I don't wanna wait
I don't wanna wait

Let's start it with a goodnight kiss
My lips your lips...

Chorus

Let's start it with a goodnight kiss
I don't wanna wait
No I don't wanna wait
