Hand in hand, up on Lovers Ledge
Sittin' out on the edge
Our legs hangin', look at God paintin'
The sunset from this truck-bed
It sure looks perfect

Yeah, everything about this is right
And everything about tonight

Baby don't it feel like we're the highway
Radio turned up and we're the song
That's on it and baby don't it
Feel like we're a mile high
Can't breathe, you can see everything
Moon, the stars, it's ours, it's like we own it
Baby don't it feel like
We're on top of the world, top of the world, yeah yeah
We're up on top of the world, top of the world, yeah
yeah

Make a wish before that star burns out
That's a little bit harder now
When you got what you want, what you already wished
for
This kiss, this moment
Yeah, I just wanna stay in it

Cause everything about this is right
Yeah, everything about tonight

Baby don't it feel like we're the highway
Radio turned up and we're the song
That's on it and baby don't it
Feel like we're a mile high
Can't breathe, you can see everything
Moon, the stars, it's ours, it's like we own it
Baby don't it feel like
We're on top of the world, top of the world, yeah yeah
We're up on top of the world, top of the world, yeah
yeah yeah

I hope the sun don't rise too fast
I want this moment to last

Baby don't it feel like we're the highway
Radio turned up and we're the song
That's on it and baby don't it
Feel like we're a mile high
Can't breathe, you can see everything
Moon, the stars, it's ours, it's like we own it
Baby don't it feel like
We're on top of the world, top of the world, yeah yeah
We're up on top of the world, top of the world, yeah
yeah yeah
Top of the world, top of the world, yeah yeah
Up on top of the world, top of the world, yeah yeah
yeah
