Lock the door and close the blinds  
They're coming for me girl and I ain't got time  
If they ask you, darlin', oh about what I did  
Baby you gotta keep it hid  
I'm heading south, and I can't say where  
But I'll phone you baby soon as I get there  
They're not gonna seal my coffin lid'  
Cause you're gonna keep it hid  
(Bridge)  
Well Big Sue knew but she don't no more  
If you know what I mean  
They'll never find what they're looking for'  
Cause you're my tight-lipped queen  
I'll buy you a dress, a nice handmade piece  
And send your Mom on a vacation to Greece  
If you're an auction, oh I'm the highest bid  
Oh baby, 'cause you're gonna keep it hid
