All I wanna do is stay right here on the floor
Get lost in the night and dance like there's no tomorrow
Don't care about the sunrise, somebody please just hit
the lights
All I wanna do is dance like there's no tomorrow

Today just wasn't my day, everyone's getting me so
fed up
I've gotta find a way, I know what can make me feel
better
Stepping out in my best, looking hotter than ever
Wherever the party is that's where I'll be in a second

I'm so ready to move my body, forget about all my
problems
When I hear my song I'ma lose control, h-here I go

All I wanna do is stay right here on the floor
Get lost in the night and dance like there's no tomorrow
Don't care about the sunrise, somebody please just hit
the lights
All I wanna do is dance like there's no tomorrow

I'm loving the atmosphere, feels like I'm floating in
heaven
The music's all in my ear, taking over me, my heart's
racing
Feeling so Hollywood, how I got everybody staring
Their eyes are the cameras and I'm loving all the
attention

Get up, 'bout to move my body, forget about all my
problems
They're playing our song, I'ma lose control, h-here I go

All I wanna do is stay right here on the floor
Get lost in the night and dance like there's no tomorrow
Don't care about the sunrise, somebody please just hit
the lights
All I wanna do is dance like there's no tomorrow

Please DJ, don't say it's the last call

'Cause I know what it means
And I don't want you to play no slow song
I'm still building the nerve to talk to that guy
Just give me another song and make it right

All I wanna do is stay right here on the floor
Get lost in the night and dance like there's no tomorrow
Don't care about the sunrise, somebody please just hit
the lights
All I wanna do is dance like there's no tomorrow

All I wanna do is stay right here on the floor
Get lost in the night and dance like there's no tomorrow
Don't care about the sunrise, somebody please just hit
the lights
All I wanna do is dance like there's no tomorrow
