"Anyway Bye Bye"

Are you sad that I'm leavin'
Well baby, bye byes aren't always pleasin'
Would you come along with me
If I was leavin'
I been down on my knees
Long enough for pleasin'

I got to clear my head
Changes that I dread
Are waiting for me
Waiting for me
Anyway, bye bye
Many thoughts
Have passed
Between us
But when words aren't made clear
They become so meaningless
I gotta get away from here
I'm tossin' in sleeplessness
Wondering who
Has the right to happiness

I got to clear my head
Changes that I dread
Are waiting for me
Waiting for me
Anyway, bye bye
