"Hearts On Fire"

Had myself a tall one
Waitin at the bar
Wasn't gonna leave her
Till I had her in the car

Moon was growing bright
Stars were standing still
Waiting for my baby
In the cold December chill

I been achin
From desire
Blood running like a ragin river
But her hearts on fire

Couldnt write a letter
Cause I don't know what to say
Couldnt write a song
Cause I don't know what to play

Come a little closer
Better hold me tight
Gonna roll on down the highway
And rock on with my baby all night
