I hear voices in my head
They council me
They understand
They talk to me

You got your rules and your religion
All designed to keep you safe
But when rules start gettin' broken
You start questionin' your faith

I have a voice that is my savior
Hates to love and loves to hate
I have the voice that has the knowledge
And the power to rule your fate

I hear voices crying
I see heroes dying
I taste the blood that's drying
I feel the tension rising

[Chorus]
I hear voices in my head
They council me
They understand
They talk to me, they talk to me
They tell me things that i will do
They how me things i'll do to you
They talk to me, they talk to me

All the lawyers are defenseless
All the doctors are disease
And the preachers all are sinners
And the police just take the grease
All you judges you are guilty
All the bosses I will fire
All you bankers will have losses
And politicians are all liars

I see darkness fallin'
I hear voices callin'
I feel justice crawlin'

I see faith has fallen
