When I'm dead, put me 10 miles deep

Well hand me up my shotgun Maggie Mae
The devils come to take your boy away
Well I've been spotted on the run,
but I'll be waiten' when they come
Hand me up my shotgun Maggie Mae

Well I was born a poor man's only son
It aint my fault I grew up on the run
I did my time as a worken' man
Fate kept blood stains on my hands
I was born a poor man's only son

(chorus)

When I'm dead put me 10 miles deep
When I'm dead put me 10 miles deep
Brother when you lay me down
Down beneath the cold hard ground
You better put me 10 miles deep

I keep my pistol by my head at night
Lordy, I can't seem to do no right
Well my home town they know my name
I killed a man and won my fame
Keep my pistol by my head at night

When I'm dead just put me 10 miles deep
When Jesus comes he won't disturb my sleep
I knew it when they shot me down
I felt it the flesh from under ground
When I'm dead just put me 10 miles deep

(chorus)

Brother when you lay me down
Down beneath the cold hard ground
You better put me 10 miles deep
