An empty glass
and a last cigarette
it's closin time
i'm drunk again
i'll somehow make it home
and cry myself to sleep
thats the way the day ends
everynight for me

Every night i'm in some bar
pourin whiskey on a heart thats on fire
forgettin you aint no easy thing
each night for me always ends the same

An empty glass
and a last cigarette
its closin time
im drunk again
ill somehow make it home
and cry myself to sleep
thats the way the day ends
everynight for me

Every night im in some bar
pourin whiskey on a heart thats on fire
forgettin you aint no easy thing

An empty glass
and a last cigerette
its closin time
im drunk again
ill somehow make it home
and cry myself to sleep
thats the way the day ends
everynight for me
