Yeah, I've been down  
And I've been out  
Yeah, I washed up on solid ground  
I've been down  
And I've been out  
I've never flown so high with both feet on the ground

I've been walking in circles all my life  
Chasing my own tail  
Got a penny in my pocket  
But the rest of \*my\* change is down at the bottom of  
the well  
I've got my mind made up  
But what I can't figure out  
Is how am I going to leave my mark  
When all I got left is doubt

'Cause I've been down  
And I've been out  
Yeah, I washed up on solid ground  
'Cause I've been down  
And I've been out  
I've never flown so high with both feet on the ground

Yeah, I've wasted my time all these years  
Looking for a little bit more  
But it's hard to keep your new shoes clean  
When all you got is dirt on the floor  
And I've hit rock bottom with some good friends of  
mine  
Yeah, we sat and watched the sun rise  
But we never saw it shine

'Cause I've been down  
And I've been out  
Yeah, I washed up on solid ground  
Well I've been down  
And I've been out  
I've never flown so high with both feet on the ground

Well there's a man on the radio

Said he's got it all worked out  
He took his show on the road  
But he don't know what it's all about

\*'Cause I've been down  
And I've been out  
Yeah, I washed up on solid ground  
Well I've been down  
And I've been out  
I've never flown so high with both feet on the ground

Well I've been down  
And I've been out  
Yeah, I washed up on solid ground  
Well I've been down  
And I've been out  
I've never flown so high with both feet on the ground  
On the ground
